

# Cookie Excavating Activity

You will use a toothpick to excavate or take chocolate chips from a cookie.

## Supplies:

- Tooth Picks
- Chocolate Chip Cookie

## Excavating Requirements:

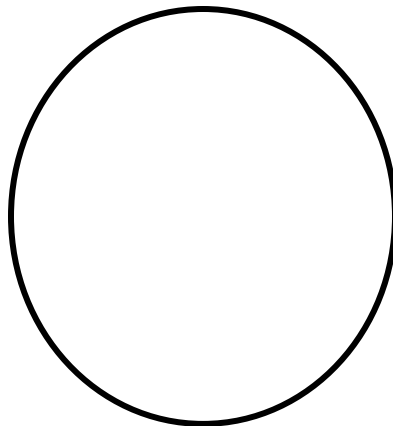

- Before excavating draw what the top and the bottom of the cookie look like.
- Predict how many chips you will find.
- Remove the chips from the top of the cookie.
- Remove the chips from the bottom of the cookie.

## Predictions:

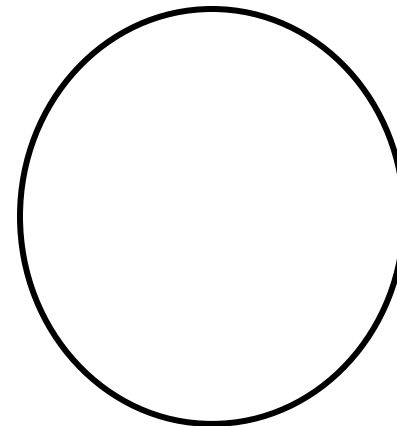

I will find \_\_\_\_\_ chips on the top of the cookie.

I will find \_\_\_\_\_ chips on the bottom of the cookie.

## Views of the Cookie Before the Excavation

Drawing of the Top of the Cookie

Drawing of the Bottom of the Cookie

## Data Collected:

I found \_\_\_\_\_ chips on the top of the cookie.

I found \_\_\_\_\_ chips on the bottom of the cookie.

## Conclusion :

---
