

Name: _____

Halloween Ghost Peeps Candy Experiment

What do you think will happen when you leave candy ghosts soaking in liquids over night?

Supplies:

- Plastic Cups
- Three Ghost Peeps Candies
- Vinegar
- Olive Oil
- Lemon Juice

Steps:

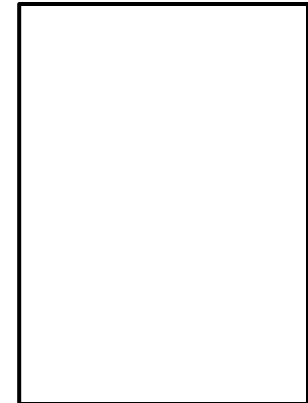

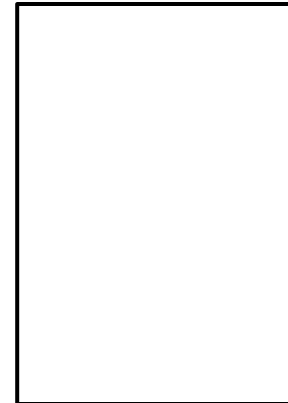

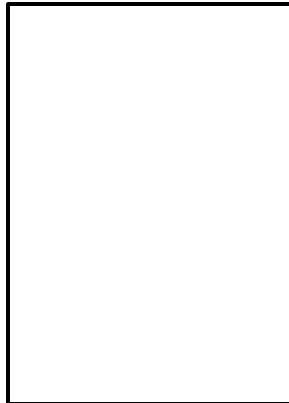

- Place one ghost in each cup 2/3 filled with one of each liquid.
- Leave them in the cups for 24 hours.

What do you think happened?

Draw what you see in each cup at the beginning and end of the experiment.
