Ladybug Subtraction Roll Game

Ladybug Math Game- Subtraction

- **Children will place a marker (button, bottle cap, bread tag, etc.) on the word Start.**
- **Then they will take turns rolling a single die.**
- **After they roll they will move forward that number of spaces. Then they will subtract the larger number from the small number. The larger number can be on the die or the circle they land on. The same thing holds for the smaller number.**
- **If they get the sum correct, they will move forward one.**
- **The child who reaches the word End first wins the game.**

Thank you for this download I hope your children enjoy this JDaniel4's Mom resource.
