

STEM Engineering- Houses for the Three Pigs

Using the LEGO bricks available build a house for each of the Three Pigs. You will need use brown bricks for the stick house, yellow bricks for the straw house, and red bricks for the brick house.

Supplies:

- LEGO bricks
- LEGO base plate
- Small Plastic Pig

Building Requirements:

- Four Walls
- Roof
- Chimney
- Door the Pig Can Fit Through

Building Reflections:

What challenges did you have building each house?

What would you do differently next time?

Data Collected:

Number of brown bricks used: _____

Number of yellow bricks used: _____

Number of red bricks used: _____
