How to Use This Activity Set

- You may want to go over the feelings displayed on the I Spy pages. You can do that by going through one of the sets of flashcards or going over the feeling displayed in the chart.
- Then you will want to have your children figure out how many of each s'more face there is displayed on the page.
- Your children can write the number of faces found for each feeling with a number or a tally mark. There is one sheet for each way in the set.
- If you think your children will have trouble remembering that they have already counted a s'more feeling face you can have them color the s'more as they count or put an x on them.
